Advent is when we anticipate Jesus’s coming, bringing us hope and light. Thankfully, Jesus’s hope and light can penetrate the most difficult and dark situations, as they do in the life of Reaksmey, whose story appears in our new release Tending Clouds (on page 6). This powerful documentary tells the story of how Reaksmey, a victim of sex trafficking, was rescued and discovered hope, love, and purpose, with the help of Agape Inland Mission. That hope has led her back to her home country of Cambodia to help others escape slavery. We invite you to join us as we partner with Reaksmey. For a donation of $35 or more, we’ll send you a bracelet made by Reaksmey and her team to support women recovering from trafficking.

We realize many, especially younger folks, don’t use DVDs but prefer to stream. We started a free streaming service as part of our multi-season show about the ed media project in entertainment history is the #1 crowdfunding campaign for faith-based content. The Chosen: Season Two now available!

Madeleine L'Engle first captured my imagination as a 10-year-old listening to A Wrinkle in Time. But I knew little of L'Engle herself until I watched The Science-Fiction Makers documentary. This film introduces the fascinating stories of three Christian science fiction writers—Victor Rosseau, C. S. Lewis, and L'Engle. It illuminates the historical connections that brought about the sub-genre of Christian science fiction. If you, like me, primarily know Lewis through his Narnia books, you may come away with a new eagerness to pick up your Tripitiq! —Michelle Curtis, Editorial Assistant

The Science-Fiction Makers

This feature documentary examines three integral writers who over the past century wrote within the Christian Science Fiction genre: Victor Rosseau, C. S. Lewis and Madeleine L'Engle. Through interviews with scholars and current writers, reenactments, archival materials, and excerpts from their works, we explore a genre that has been counterculture since its beginning. They were outsiders within the larger Sci-Fi genre and they would face harassment, criticism, and dismissal from all sides for putting their faith and imagination into their writing. In the end, they were pioneers of a sub-genre that would doggedly survive and continue to influence popular culture to this day.

The Fantasy Makers

Also available:
The Fantasy Makers examines the spiritual influences of J.R.R. Tolkien, C.S. Lewis, and MacDonald and traces the lasting impact their works have on our present-day culture. 86 minutes.

Tending Clouds Bracelet

Reaksmey, whose story is told in Tending Clouds (above), is also a jewelry designer. She developed the “Tending Clouds Bracelet” to help tell her story. At the very end of the bracelets is a heart, symbolizing the hope that was born in Tending Clouds (above) and made possible by the help of the Agape Inland Mission. For any donation of $35 or more, we are happy to send you a bracelet made by Reaksmey and her team to support her work with the Agape Inland Mission. Available while supplies last.

Chloe’s Mountain

Chloe’s Mountain is a story of a purpose-driven Grandma who is raising her granddaughter Chloe, who does not understand God nor why her parents were taken away from her. In her misunderstanding and anger, Chloe abandons her Christian upbringing and joins a rock band who draws her into their misguided ideas. After Grandma passes away, Chloe finds out how wise she was. To receive her generous estate, Chloe must either attend four years at a Christian university or wait until she is 35. Chloe reluctantly opts for the four years at a Christian university, where her newfound friends and the Holy Spirit begin to change her heart and teach her how to see the workings of God to deal the mountains of doubt and pain in her life. 107 minutes.
